September 2, 2020

Dear MFHA members,

After an extensive search process, it is my pleasure to announce that Andrew Barclay has been appointed as the Director of Hunting.

Andrew's experience and knowledge of foxhunting combined with his work with the MFHA to further its mission has proven that he meets the needs of our members. Over the past 14 years he successfully led the Professional Development Program as well as supporting a variety of MFHA initiatives.

At this time, Andrew will continue as the Professional Development Program Director. As Director of Hunting, his efforts will promote, preserve, and protect our sport by supporting our membership with hunt development, territory matters, education initiatives and Studbook registrations.

Please join us in welcoming Andrew Barclay in his new role as the Director of Hunting.

Sincerely,

A handwritten signature in cursive script that reads "P.A. Leahy".

Patrick Anthony Leahy, MFH
President
